Highly motivated learner currently enrolled in UW Madison Coding Bootcamp. I am leveraging this bootcamp alongside self study to begin my journey as a junior developer as I acquire and build my knowledge on the MERN stack.

Technical Skills

Frontend: HTML5, CSS, Javascript, Bootstrap, React
Backend: Express, Node

Projects

Bootcamp Survey Form | Repo | Deployed

- A mock-bootcamp survey form that saves form answers in local storage and displays them on a separate page
- I wrote the JavaScript for local storage and became comfortable with local storage and manipulating the DOM
- Tools/Languages: HTML, CSS, JavaScript

Work Experience

UW Credit Union   February 2022 - Present
Card Programs Specialist 2   Madison, WI
